

LEADER: OLGA RIKLIKIENE (LITHUANIA)

VICE-LEADER: MARCIA KIRWAN (IRELAND)

WORKING GROUP 4 : EDUCATION & TRAINING

Progress report of WG4 leader for the period from September 1st to February 21st

The group has had one Skype meeting to discuss the activities for the first grant period (minutes of Skype meeting is provided). The plan for the two first publications was agreed.

A leader have made abstract selection for WG4 session for Cyprus conference. Four presenters from WG4 members, additionally with the leader, submitted their abstracts and were accepted to join the session.

One local workshop is planned in Lithuania, Kaunas on April 2017. It is expected to have 30-40 participants (head and chief nurses). The program of the workshop and the report will be provided later.

Dissemination plan and other possible local workshops were discussed with the group by email correspondence. More nominations for the local workshops will be confirmed in Cyprus.

One request to join COST and WG4 was received from Lithuanian HEI institution. Suggestions to join and to contribute to the local Lithuanian workshop were provided. Further involvement of that institution will be discussed more in Cyprus.

A leader contacted nursing researcher who worked in the area of patient safety education (Susanna Tella from Saimaa University of Applied Sciences, Finland) and received her promise to be a supportive person for project implementation (possible participation in the events, TS, ect.).
